

Millbrook Cavan Historical Society Annual General Meeting & Special Presentation

Heritage Trees— Preserving our Natural Roots

Thursday, May 26th, 7 pm, Centennial Place, Millbrook

What is a Heritage Tree? Why is it important to protect them?

Edith George will be speaking on “Heritage Trees—Preserving Our Natural Roots” in what promises to be a lively illustrated talk.

We will learn how a tree can be designated as “heritage”, using the toolkit produced by the Ontario Heritage Tree Alliance.

Edith’s main focus is on how we can identify a tree’s historical and cultural significance. She will use one of her neighbourhood’s special red oaks as the example tree in her presentation. Edith is an advisor to the Ontario Urban Forest Council and is a past director of the Weston Historical Society.

Millbrook Cavan Historical Society invites you out to a great evening!
